

ARYSE Survey - Parents

Hi!

In partnership with ARYSE, the Students Using Data for Social Good (SUDS) group of Carnegie Mellon University gathers information about the security perception among the ARYSE community and their families. This survey intends to comprehend which type of factors make you feel secure or insecure when your kids commute around Pittsburgh.

The information gathered through this instrument will only be used by ARYSE. It will be analyzed at an aggregate level and guarantees anonymity. This survey will take you 10 minutes to complete.

We really appreciate your participation in this survey. THANK YOU!

*** Required**

Section 1: Characterization

In this first part of the survey we'd like to ask you general information about you and your familiars that are part of the ARYSE programs.
